What's New

This section summarizes the changes to this document since its last publication. This user guide contains updated information related to the Foreign Account Tax Compliance Act (FATCA) Online Release FY21 R3.0, June 2021 which includes the following:

- Updated information regarding ability to use Microsoft Edge as the compatible and supported browser for the FI application.
- Update information regarding Microsoft Internet Explorer, no longer a compatible or supported browser for the FI application.

1 Introduction

1.1 Purpose of FATCA Registration

The FATCA Online Registration System is a secure, web-based system that financial institutions (FIs) and direct reporting non-financial foreign entities (NFFE) may use to register themselves (and FI branches, if any) online as a:

- Participating Foreign Financial Institution (PFFI) (including a reporting FI under a Model 2 Intergovernmental Agreement (IGA))
- Direct Reporting NFFE
- Registered Deemed-Compliant FFI (RDCFFI) that is a Local FFI
- Registered Deemed-Compliant FFI that is a Non-Reporting Member of a PFFI Group
- Registered Deemed-Compliant FFI that is a Qualified Collective Investment Vehicle
- Registered Deemed-Compliant FFI that is a Qualified Credit Card Issuer or Servicer
- Registered Deemed-Compliant FFI that is a Restricted Fund
- Reporting Financial Institution under a Model 1 IGA
- Sponsoring Entity of Sponsored Direct Reporting NFFEs
- Sponsoring Entity of Sponsored FFIs
- Sponsoring Entity of Sponsored FFIs and Sponsored Direct Reporting NFFEs
- Trustee of a Trustee-Documented Trust
- U.S. Financial Institution

The FATCA Online Registration System allows certain FIs during a renewal open period to complete and submit a renewal of their FFI agreement to remain in approved status. FIs also can use the system to complete a certification of pre-existing accounts and periodic certifications.

Relating to its FATCA registration, an approved FI, a U.S. financial institution (USFI) acting as a Lead FI, a sponsoring entity, and a direct reporting NFFE will be issued a global intermediary identification number (GIIN) and will be identified on the published IRS FFI List. The IRS FFI List is updated monthly to add or remove approved entities (or their branches). For more information, please visit the [FATCA FFI List landing page](#). A separate GIIN will be issued to an FI to identify each jurisdiction where the FI maintains a branch. A direct reporting NFFE will receive only one GIIN, irrespective of where it maintains its branches.

1.1.1 Additional FATCA resources

In addition, this user guide includes appendices with additional resources, including [how to get help](#), [a glossary of terms](#), [account status tables](#) and [XML file preparation instructions for adding multiple sponsored entities](#).

FATCA regulations, notices, [Frequently Asked Questions \(FAQs\)](#), and other resources are available on [IRS.gov's FATCA page](#).

Users can also subscribe to the FATCA newsletter for updates on the latest IRS news, guidance, regulations and other public information related to FATCA. For more information and to sign up for the FATCA newsletter, go to the [Subscribe to the FATCA News and Information List page](#).

1.1.2 Who is eligible to register?

The following entities are eligible to register (on behalf of themselves and their branches) for the specific purposes described below, as well as to obtain a GIIN:

Table 1 – Who is eligible to register

Entity Type	Can Register To
An FFI, or foreign branch of an FFI or a U.S. financial institution (USFI), treated as a reporting FI under a Model 1 IGA	Authorize one or more points of contact (POCs) to receive information related to registration on the FIs behalf.
An FFI, or foreign branch of an FFI or a foreign branch of a USFI that intends to apply for status as a QI, treated as a reporting FI under a Model 2 IGA	Authorize one or more POCs to receive information related to registration on the FIs behalf. Confirm that it will comply with the terms of an FFI agreement, as modified by the applicable Model 2 IGA.
An FFI, or branch of an FFI, other than one covered by an IGA (other than when registration is required under the applicable IGA)	Enter into an FFI agreement to be treated as a PFFI. Agree to meet the requirements to be treated as an RDCFFI.
An entity seeking to act as a sponsoring entity	Agree to perform the due diligence, reporting, and withholding responsibilities on behalf of one or more sponsored entities.
A USFI seeking to act as a lead FI for purposes of registering its member FIs	Identify itself as such.
A direct reporting NFFE	Agree to perform the due diligence and reporting obligations required of its status as a direct reporting NFFE.
A trustee of a trustee, documented trust	Agree to perform the due diligence and reporting obligations on behalf of one or more trustee, documented trusts.

Direct reporting NFFEs

Direct reporting NFFEs should register by following the questions and help text in the online registration system for FIs, except where otherwise indicated.

Within this guide, direct reporting NFFEs should follow the instructions applicable to FIs, except where otherwise indicated.

Sponsored entities

Sponsored entities do not have access to the online registration system. A sponsored entity must be registered by its sponsoring entity, after the sponsoring entity's registration is approved. Each approved sponsored entity will receive a GIIN.

1.2 Registration Process Overview

Online registration follows the process illustrated below:

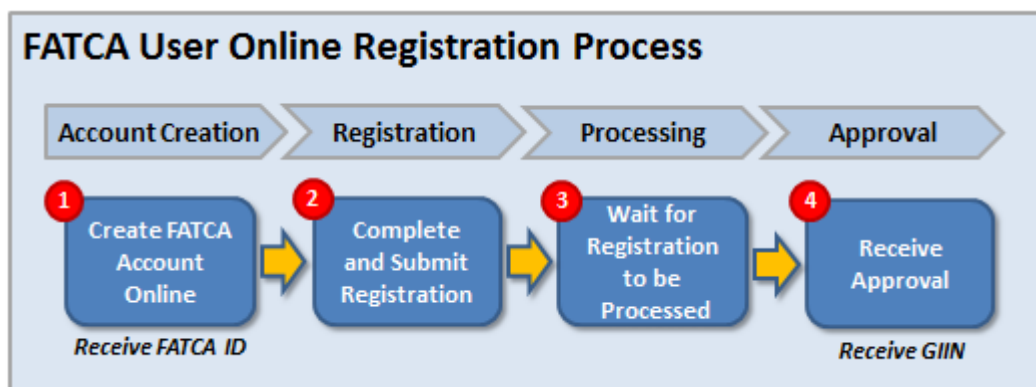

Figure 1 – FATCA user online registration process

NOTE: Sponsored entities do not follow this process. For information on how to add sponsored entities [go to Manage Sponsored Entities](#) section.

1.2.1 Step 1: Create FATCA Account Online

An FI will create a FATCA account and select an FI type.

Each registered user will receive a FATCA ID and will create its own access code to log into the FATCA account. Sponsored entities, sponsored subsidiary branches of a sponsored entity and branches of a financial institution will not have separate accounts, but will be assigned separate GIINs, if eligible.

A financial institution or a direct reporting NFFE can be one of the following FI types:

Table 2 – Descriptions of FI types

FI Type	Description
Single	An FI or direct reporting NFFE that does not have any member FIs and is registering for PFFI or RDCFFI status for itself or one or more of its branches. May include a foreign branch of a USFI registering to be treated as a reporting FI under a Model 1 IGA or that intends to apply for status as a QI.
Lead	A USFI, FFI, or compliance FI that is authorized to carry out most aspects of its member FIs' FATCA registrations and that will initiate the FATCA registration process for each of its member FIs that is a PFFI, or RDCFFI. A lead FI is not required to act as a lead FI for all member FIs within an expanded affiliated group (EAG). Thus, an (EAG) may include more than one lead FI that will carry out FATCA registration for a group of its member FIs. A lead FI will be provided the ability to manage the online account for its member FIs.
Member	An FFI or direct reporting NFFE that is registering as a member FI of an (EAG) that is not acting as a lead FI and that is registering as a PFFI, RDCFFI or direct reporting NFFE. For purposes of registration, a member FI may also include a USFI registering a foreign branch that is treated as a reporting FI under a Model 1 IGA or that intends to apply for status as a QI and is required to obtain a GIIN as a condition of each status. A member FI will need to obtain its FATCA ID from its lead FI. The FATCA ID is used to identify the member FI for purposes of registration and is not the same number as the GIIN.
Sponsoring Entity	An entity that will perform the due diligence, withholding, and reporting obligations of one or more sponsored FFIs or the due diligence and reporting obligations of one or more sponsored direct reporting NFFEs. NOTE: A trustee of a trustee-documented trust should register by selecting sponsoring entity, if it's registering to obtain a GIIN to use when fulfilling its obligations as a trustee of a trustee-documented trust.

1.2.2 Step 2: Complete and Submit Registration

There are three parts to the FATCA online registration. Users must complete the relevant parts of the registration based on the FI type selected.

Table 3 – Parts of the registration

Registration Part	To be completed by
Part 1 – My Information	All users
Part 2 – Expanded Affiliated Group Information	Lead FIs
Part 4 – Submit	All users

1.2.3 Steps 3 and 4: Wait for Registration to be Processed and Receive Approval

Once the registration is submitted and the system completes processing the registration, the responsible officer (RO) will be notified. If the registration is approved, a GIIN will be issued and can be viewed on the home page. FI branches will also be issued a branch GIIN, if applicable.

1.2.4 Registration Steps by FI Type

A financial institution's type determines which registration questions it must answer. For example, lead FIs will be prompted to provide information about its member FIs. The table below summarizes the key registration steps for each FI type.

To print directly from the online registration system, use your internet browser's print option. When printing PDF or CSV files, PDF files can be downloaded and printed in a PDF Viewer and CSV files can be downloaded and imported into most spreadsheet products.

When selecting certain links in the registration system, a message may display notifying the user that it will take some time to download the selected item. Users can choose to continue or cancel the download when this message displays.

Email Notifications

The RO identified in Question 10 of the registration will receive email notifications when updates are made to the FATCA account. To ensure notification emails are not sent to a Spam or Junk Mail folder, FATCADOtReply@irs.gov should be added to the RO's safe senders email list.

2.3 Information You Need to Register

FIs and direct reporting NFFEs need several key pieces of information to complete the online registration process. The registration checklist below outlines the information needed to complete the online FATCA registration.

Table 7 – Registration checklist

Entity Type	Information you need to register
All FIs and Direct Reporting NFFEs	<ul style="list-style-type: none"> ☑ FI Type (single FI, lead FI, member FI, or sponsoring entity) ☑ FIs or direct reporting NFFE’s legal name ☑ FIs or direct reporting NFFE’s jurisdiction of residence for tax purposes ☑ FIs direct reporting NFFE’s jurisdiction tax ID (optional) ☑ FIs classification, see Table 9: Classification Values ☑ FIs or direct reporting NFFE’s mailing address ☑ Whether the FI maintains a branch in a jurisdiction outside of its jurisdiction of tax residence, and then whether the FI is a tax resident of the United States or maintains a U.S. branch (other than the U.S. territories) ☑ If the FI is a tax resident of the United States or maintains a branch in the United States (other than the U.S. territories), the EIN of the FI or branch ☑ Each jurisdiction in which the FI maintains a branch. ☑ Business title for the FATCA responsible officer (RO) for the FI or direct reporting NFFE, along with legal name and contact information ☑ Whether the RO or authorizing individual will designate one or more points of contact (POC) and, if so, the POCs’ contact information. 2.4 Special Rules for Registration

Certain entities need to follow special instructions to register. The table below provides instructions on these special rules for registration.

Table 8 – Special rules for registration

Entity/Scenario	Instructions
Lead FI and Member FIs of an (EAG)	In general, all FFIs, other than exempt beneficial owners or certified deemed-compliant FFIs that are part of the same (EAG) must be registered. For purposes of registration, an (EAG) may have more than one lead FI and may organize itself for purposes of registration into subgroups under different lead FIs. For example, an (EAG) of 10 FFIs may decide to select two different lead FIs, lead FI 1 and lead FI 2. Lead FI 1 can carry out FATCA registration on behalf of four of its member FIs and lead FI 2 can carry out FATCA registration on behalf of four of its other member FIs. All 10 FFIs within the same (EAG) will be registered, even though they are registered under two different lead FIs.
Consolidated Compliance Program	If an (EAG) has in place a consolidated compliance program, as described in Treas. Reg. §1.1471-4 (f)(2)(ii), then member FIs that elect to participate in the same consolidated compliance program should be registered as member FIs by the lead FI that is acting as the compliance FI for the compliance group.
Reporting FI under a Model 1 IGA	FFIs that are treated as reporting FIs under a Model 1 IGA (see the list of jurisdictions treated as having in effect an IGA at FATCA Archive) should register as Reporting Financial Institution under a Model 1 IGA. A disregarded entity in a Model 1 IGA jurisdiction must register as an entity separate from its owner in order to be treated as a reporting FI under a Model 1 IGA, provided that the disregarded entity is treated as a separate entity for purposes of its reporting to the applicable Model 1 jurisdiction.
Reporting FI under a Model 2 IGA	FFIs that are treated as reporting FIs under a Model 2 IGA (see the list of jurisdictions treated as having in effect an IGA at FATCA Archive) should register as Participating FFI including a Reporting Financial Institution under a Model 2 IGA.
FFIs and direct reporting NFFEs that are also Sponsoring Entities	An FFI or direct reporting NFFE that will also act as a sponsoring entity for one or more sponsored entities is required to submit a second registration form to act as a sponsoring entity. The sponsoring entity will receive a separate GIIN and should only use that GIIN when it is fulfilling its obligations as a sponsoring entity.
Trustees of Trustee-Documented Trusts	A trustee of a trustee-documented trust is generally required to submit a registration form to obtain a GIIN and should only use that GIIN when fulfilling its obligations as a trustee of a trustee-documented trust. In addition, a trustee that is an FFI may need to submit a second registration form for use in reporting its own accounts.
Sponsored Entities	A sponsored FFI and sponsored direct reporting NFFE must be registered by its sponsoring entity through the FATCA Registration website. Separate GIINs will be issued to each approved sponsored entity and published on the IRS FFI list. Sponsored entities cannot log into the online registration system and will receive their GIINs from their sponsoring entity.
USFIs treated as Lead FIs	A USFI registering as the lead FI on behalf of its member FIs will register as a lead FI and receive a GIIN.
Branches	In general, a branch must be registered as a branch of its owner and not as a separate entity. However, see reporting FI under a Model 1 IGA, for a special rule for branches that are disregarded entities in Model 1 IGA jurisdictions.

3 FATCA Online Registration System: User Login

3.1 Launching the FATCA Online Registration System

The FATCA Online Registration System can be accessed from the IRS.gov [FATCA Registration Landing page](#). Click the “register or login” button. Always remember to click the “logout” link when finished with a session or close the browser. Closing a tab when multiple tabs are open, does not immediately end your session until the system closes it due to 15 minutes of inactivity.

3.2 Create a New Account – Single, Lead, and Sponsoring Entity

The first step in the FATCA registration process is to create an online FATCA account. Only a single, lead, or sponsoring entity will be able to create a FATCA account. Member FIs will have their FATCA accounts created by their lead FI and will receive their FATCA IDs and temporary access codes from their lead FI, to login as an existing user to complete their online registration. See [Registration Process Overview](#) for definitions of the different FI types.

To create an account, the user will be required to select and answer challenge questions and create an access code (password). After the single, lead, or sponsoring entity creates its account, it will be issued a FATCA ID. The FATCA ID is used to identify the FI or direct reporting NFFE only for purposes of registration and is not the same number as the GIIN. A GIIN is issued after the FATCA registration is submitted and approved.

Member FIs will need to set up a new access code after logging in the first time using the temporary access code provided by their lead FI. Each member has a unique member FATCA ID with an alphanumeric sequence as illustrated below. Members should contact their lead for more information.

IMPORTANT:

- FATCA IDs are not case sensitive and can be entered in lowercase and/or uppercase letters. However, the system displays FATCA IDs as uppercase letters only.
- FATCA IDs DO NOT contain the letter “O”. If your FATCA ID has a character that looks like the letter “O”, enter the number zero (0).

Multiple Login / Timeout Error

Only one user at a time can access the FATCA account for a specific FATCA ID. If another user attempts to login to a FATCA account already in use, an error message will display.

3.4 First Time Login (Paper registrations, member FIs, transfers, change FI types, and access code reset by IRS)

Before accessing the FATCA Online Registration System, an FI that has submitted a paper registration, a member FI, or an FI who has transferred to an (EAG) or changed their FI type, will need to set up challenge questions and create a permanent access code. In order to do this, the user will need the FATCA ID and temporary access code.

A member FI will receive their FATCA ID and temporary access code from their lead FI. An FI or direct reporting NFFE that submitted a paper registration will receive this information in the mail. For more information on FATCA IDs and access code formats, go to [Chapter 3.2.2 – Create a New Access Code](#) and/or [Chapter 3.3 - Existing User Login - Single FI, Lead FI, Member FI, or Sponsoring Entity](#).

NOTE: The following instructions also apply if an FI's access code is reset by the IRS and a new temporary access code is provided.

4 Registration

FATCA online registration contains three parts and 13 questions. Although the FATCA Registration System navigation bar displays “Part 3”, Part 3 is no longer a part of the system.

The following chapter describes how to answer the questions within each part of the registration.

For each registration question, this user guide provides up to two informational sections which help users to answer the question. The two sections are:

- *Instructions* – available for all questions to help the user to answer the question and navigate the registration system.
- *Additional Guidance* (if applicable) – available for questions where additional detail is necessary to help the user to answer the question.

Be sure to read all text provided before answering the question. Direct reporting NFFEs should follow the instructions applicable to FIs, except where otherwise indicated.

4.1 Registration Part 1

Before you begin, see [Chapter 2.3 Information You Need to Register](#) for the information you need to complete the registration.

After logging into the system, the registration process will begin with Part 1. Part 1 consists of 11 questions that request identifying information about the FI or direct reporting NFFE and must be completed by all FI types. A lead FI can complete Part 1 for its member FI(s), but the member will typically complete Part 1 for itself. The following section provides step-by-step guidance for answering the questions in Part 1. [See Appendix E](#) for Registration field format.

1. Access Part 1 of the online registration:

- First-time login: After you have created an account and the system displays the FATCFIFI-single/lead/sponsoring entity account confirmation page (as shown in [Chapter 3.1 Launching the FATCA Registration System](#)), click the “next” button.
- Existing users: On your home page (as shown in [Chapter 5 Home Page and Account Options](#)), under Available Account Options, select the **registration edit** link available to you. The link available is based on your FI type and status.

NOTE: If a user does not log out of the system using the “logout” link, the system does not log the user out immediately. This can occur if the user closes the browser or gets an error message that forces them out of the system. If the user tries to log back in immediately, a default error message will display indicating that the FATCA account is locked because it is being edited by another user. The system times out after 15 minutes of inactivity, so after 15 minutes, the original session that was exited will time out and the user will be able to log in again.

Filling Out The Online FATCA Registration

There are four parts to the FATCA registration, however, not all parts will be required to be completed depending on the type of financial institution.

Part 1 must be completed by all Financial Institutions (FIs) and will provide basic identifying information about each FI. A Lead FI may complete Part 1 for each of its Member FIs.

Part 2 must be completed by a Lead FI to identify each Member FI of its Expanded Affiliated Group. Part 2 will only apply to a Lead FI and should not be completed by Single, Member or Sponsoring Entity FIs.

Part 3 This information is no longer required for FATCA Registration. FIs that are Qualified Intermediaries (QI), Withholding Foreign Partnerships (WP) or Withholding Foreign Trusts (WT) will complete and maintain this information in the QI system.

Part 4 must be completed by all FIs and requires the FI to certify that the information provided in the FATCA Registration is accurate and complete and to agree to comply with its FATCA obligations.

The information you provide on each screen of the FATCA Registration is saved when you click the "Next" button at the bottom of the screen. You may log back in at any time to complete and submit the registration form.

See FATCA Archive to view the list of jurisdictions treated as having an IGA in substance. (NOTE: If a jurisdiction is removed from this list, FFIs registered under the removed IGA will have to update their status on the FATCA registration application accordingly. See IRS Announcement 2014-38, 2014-51 I.R.B. 951, for more information about agreed-in-substance IGAs)

For a list of available countries in the drop-down lists, [go to the FATCA Online Registration System: Country/Jurisdiction Listing page](#).

NOTE: U.S. Territories (American Samoa, Guam, Northern Marianas Islands, Puerto Rico, and Virgin Islands) and U.S. Minor Outlying Islands are not available in the drop-down list for this question.

If the FI doesn't have a country/jurisdiction tax ID or a TIN, leave this field blank.

Question 4: Select the Financial Institution's FATCA classification in its country/jurisdiction of tax residence (as shown in Question 3).

An FI (other than a sponsoring entity, USFI, or foreign branch of a USFI) that maintains branch operations in multiple jurisdictions should answer this question by treating the operations within its country of tax residence as if it were a branch (home office) and then classify whether such home office is participating or registered deemed compliant. In Question 9 of the registration, the FI should identify the jurisdictions (other than the United States) where it maintains branches outside of its jurisdiction of tax residence, other than jurisdictions where the FI maintains related branches. If the FI maintains branches in the United States, the FI should provide this information for Question 8.

4.1.3 Question 5 – FI Mailing Address

An FI should only select “Other” as the country/jurisdiction if the country is not available in the drop-down list. Selecting "Other" as the country/jurisdiction may impact the FI registration status.
4. Enter the business address of the RO. If necessary, enter the second line of the business address.
5. Enter the city of the business address.
6. For countries/jurisdictions other than the United States, enter the state, province, or region of the business address. Question 11B: POC Information

Instructions:

This question must be completed by the financial institution's RO or an Authorizing Individual. Upon entering the POC information below, checking the box that follows, and submitting this registration form, the RO or Authorizing Individual is providing the IRS with written authorization to release FATCA information to the POC. This authorization specifically includes authorization for the POC to complete this Form 8957: FATCA Registration, to take other FATCA-related actions, and to obtain access to the financial institution's tax information.

For purposes of Question 11B, the term RO means an individual who is authorized under local law to consent on behalf of the FI (an "authorizing individual") to the disclosure of FATCA-related tax information to third parties. This individual may be the same as the individual identified as the RO in Question 10.

You may add up to five POCs. Beginning with the first POC:

1. Enter the business title of the POC.

2. Enter the legal last, first, and middle name of the POC.
NOTE: The POC first and last name must include full name: first name (not initials) and last name (surname). You may use initials for middle name.
3. Select the Country/Jurisdiction of the business address from the drop-down menu. If the business address is in a U.S. Territory, select the United States. For a list of available countries in the drop-down lists, [go to the FATCA Online Registration System: Country/Jurisdiction Listing page](#).
NOTE: U.S Territories (American Samoa, Guam, Northern Marianas Islands, Puerto Rico, and Virgin Islands) are not available in the drop-down list for this question.
An FI should only select “Other” as the country/jurisdiction if the country is not available in the drop-down list. Selecting “Other” as the country/jurisdiction may impact the FI registration status.
4. Enter the business address. If necessary, enter the second line of the business address.
5. Enter the city of the business address.
6. For countries/jurisdictions other than the United States, enter the state, province, or region of the business address. If the country/jurisdiction does not have a state, province, or region, enter “None.” For the United States, select the State/U.S. Territory from the State/U.S. Territory drop-down list.
7. For countries/jurisdictions other than the United States, enter the ZIP or postal code of the business address. For the United States, enter the ZIP code of the business address.
8. Enter the business telephone number of the POC.
9. Enter the business fax number of the POC.
10. Enter the business email address of the POC. See valid email address format in [Appendix E](#).
11. Click on the “add another” button to add the POC. To add another POC, click the “add another” button and repeat Step 1, until all POCs are added. As POCs are added, the POC information will display in the table below the “add another” button. The table is sorted by the legal last name of the POC.
12. To delete a POC, select the **delete** link next to the corresponding entry in the table.
13. To download a complete POC list in PDF or CSV format, select one of the following links:
 - **Download complete POC list (PDF).**
 - **Download complete POC list (CSV).**
14. Follow your Internet browser’s prompts for saving files to your computer. The downloaded POC list will include the RO identified in Question 10 as well as the POC(s) identified in Question 11B.

NOTE: If after completing Question 11B, you change your answer for Question 11A from Yes to No, all the POC information you entered in Question 11B will be deleted and will need to be reentered.

Additional Guidance:

If a Third-party adviser that is an entity is retained to help the FI complete its FATCA registration process, the name of the third-party individual adviser that will help complete the FATCA registration process should be entered as a POC in Question 11B, and the Business Title field for that individual POC should be completed by inserting the name of the entity and the POC’s affiliation with the entity.

Additional Guidance:

Definition of country/jurisdiction:

The country/jurisdiction of residence generally is the jurisdiction in which the member FI is treated as a resident for income tax purposes (for example, the place of incorporation or place of principal management and control). If the member FI is a dual resident, identify one of the countries where it is a tax resident in this question. The second country/jurisdiction of tax residence should be identified as a branch jurisdiction in the member FIs online FATCA account. For a member FI that is a partnership or other flow-through entity, the member FIs country/jurisdiction of residence means the jurisdiction under the laws of which the entity is organized or established or, if not organized or established under the laws of any jurisdiction, the jurisdiction where it maintains its principal office.

Lead FIs:

Lead FIs will identify each member FI for which it is acting as a lead FI and that is treated as a PFFI, including a Reporting Financial Institution under a Model 2 IGA, Reporting Financial Institution under a Model 1 IGA, Registered Deemed-Complaint FFI that is a Local FFI, Registered Deemed-Compliant FFI that is a Non-Reporting Member of a PFFI Group, Registered Deemed-Compliant FFI that is a Qualified Collective Investment Vehicle, Registered Deemed-Compliant FFI that is a Qualified Credit Card Issuer or Servicer, Registered Deemed-Compliant FFI that is a Restricted Fund, or direct reporting NFFE. A member FI may include a USFI that is registering to obtain a GIIN for a foreign branch that intends to apply for status as a QI.

A lead FI will be required to provide identifying information about its member FIs, other than exempt beneficial owners or certified deemed-compliant FFIs.

It will include: responsible officer name, points of contact (POC) names, legal name of FI, FI type, FATCA ID, GIIN, account status, and effective date.

The current registration status will always be displayed on the home page. For more information on the possible Account Statuses, see [Appendix C – Account Status Tables](#).

If the FI is in the process of transferring to an expanded affiliated group, transfer information (transfer pending to, transfer stage, and transfer stage date) will also display.

Global Intermediary Identification Number (GIIN):

If the FI is in approved status, a GIIN will be displayed. An FI will use the GIIN to identify itself to withholding agents for purposes of chapter 4 of the FATCA regulations and to identify itself as the reporting institution for information reporting purposes under FATCA. For more information on the composition of the global intermediary identification number, see the [FATCA Online Registration System and FFI List GIIN Composition Information page](#) on IRS.gov.

When an Approved FI updates the country/jurisdiction of residence for tax purposes in Registration, the system will update the GIIN when the registration is reprocessed (typically within a few days) and can be viewed on the home page. The updated country/jurisdiction and GIIN will not display on the FFI list until the next publication of the list.

If you are registered as a single, lead or member type FI and are also a sponsoring entity, each FI type account has a unique and separate GIIN.

Effective Date -

If the FI is in approved status, an effective date will be displayed. In general, the term “Effective Date of the FI agreement” means the date on which the IRS issues an initial GIIN to the FI.

If the FI changes its FI type or transfers to an (EAG), the effective date remains the same date on which the IRS issued the initial GIIN to the FI.

For FIs that received a GIIN on or before June 30, 2014, the effective date of the FI agreement is June 30, 2014.

5.2 Renewal of FFI Agreement

2 Certain FIs and their branches must periodically renew their FFI agreement by verifying and updating their information. The IRS will notify all approved FIs via email and message board when a required renewal period begins. The IRS will also send a reminder message prior to the due date.

FIs notified of the potential need to renew their agreement should login to the FATCA Online Registration System and view the “Renewal of FFI Agreement” page by selecting the **Renew FFI Agreement** link under Available Account Options on the home page. After viewing the page, FIs must determine if they need to renew their agreement and then must submit their determination. FIs renewing their agreement will maintain the same FATCA ID and GIIN. Lead FIs cannot renew on behalf of a member FI.

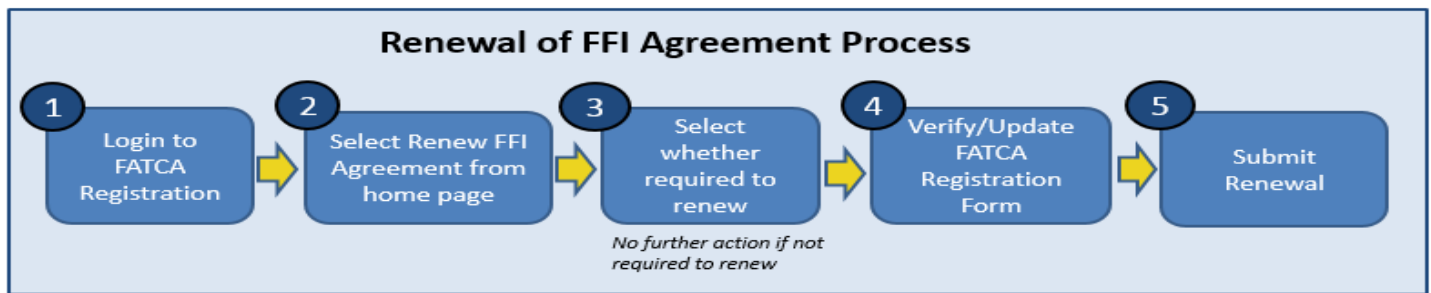

Figure 34 – Renewal of FFI agreement process

The system's home page, during the renewal open period, will have a **Renew FFI Agreement** link for FIs in approved status. All FIs should follow steps 1 through 4 below to determine if they must renew their agreement. FIs required to renew should complete steps 5 through 7. They should also verify and update responses to all registration answers provided during the most recent registration.

FIs required to renew their agreement and fail to renew, will have their registration flagged as overdue. If an FI's renewal remains overdue, the FI's registration may be taken out of approved status. In that case, the FI will not appear on the published IRS FFI List. The IRS FFI List is updated monthly to add or remove approved FIs (or their branches) or direct reporting NFFEs. For more information, please visit the [FATCA FFI List landing page](#).

NOTE: Please check the [FAQ](#) page for additional information regarding renewal status and general renewal information.

After the renewal period ends, the FFI agreement renewal information will remain on the home page, but the link for renewal of agreement will no longer display. When a new renewal agreement cycle begins, the system will set a new renewal effective date, the renewal link will display, and your renewal status will become due. If an entity moves out of approved account status, the FFI agreement renewal information will no longer display.

5.2.1 How to Determine and Renew FFI Agreement:

1. Login to the FATCA Online Registration System and access the home page.
2. Select the **Renew FFI Agreement** link under Available Account Options.
3. Read the Renewal of FFI Agreement page. (Use [Table 13: Self-determination for renewal of FFI agreement](#) above to see if you must renew your FFI Agreement for your entity or on behalf of an FIs branches.
4. Select the “Yes” button to renew an agreement for yourself or on behalf of your branches. Select the “No” button if you do not have to renew.
5. Review and edit part 1, 2 and 4. [[Chapter 4: Registration](#) has instructions on how to complete parts 1, 2 (lead FIs only) and 4.]
6. Submit the agreement to complete the renewal process. (A confirmation page will appear stating “Renewal of FFI Agreement Submitted.”)
7. Click “OK” to return to the FI home page. The renewal status will update and display “Submitted.” You will receive a message board confirmation and your responsible officer will be sent an email.

Figure 35 – Options Renewal of FFI agreement home page

NOTE: For FIs who decide they do not have to renew their FFI agreement, the home page renewal status will update to “Not Required – Self Determined.” The FI will receive a message board message and the responsible officer will receive an email. The **Renew FFI Agreement** link will remain on the home page as long as the FI is in approved status and the renewal open period has not passed.

5.2.2 Transfers During the Renewal of FFI Agreement Open Period

Transfers may still occur during the renewal period. The **Renew FFI Agreement** link will still appear on the account’s home page after an FI has transferred to another expanded affiliated group. Renewing the agreement or determining a renewal is not required does not affect the transfer’s status. However, transferring FIs and receiving lead FIs should review the FFI agreement before the renewal’s due date. If their respective FFI Agreement renewal becomes overdue, the FIs may be moved out of approved status causing the transfer to be canceled.

5.3 Certifications

A FATCA certification consists of one or more series of questions that the responsible officers of certain entities must answer and submit to the IRS to confirm the entities’ compliance with the requirements of FATCA. There are two general types of certifications: one that relates to an entity’s preexisting accounts (COPA) and another that relates to the entity’s compliance with various FATCA requirements (periodic certification).

For more information on FATCA certification requirements, see Treas. Reg. §§1.1471-4(c)(7), 1.1471-5(f)(1)(i)(A)(7) and (D)(6), and Prop. Reg. §1.1471-5(j)(5) relating to the COPA; Treas. Reg. §§1.1471-4(f)(3), 1.1471-5(f)(1)(ii)(B), 1.1472-1(c)(3)(vi), and Prop. Reg. §§ 1.1471-5(j)(3) and (l)(2)(iv) and 1.1472-1(f)(2)(iv) relating to the periodic certification; and Treas. Reg. §1.1471-4(f)(2)(ii)(B) relating to a consolidated compliance program.

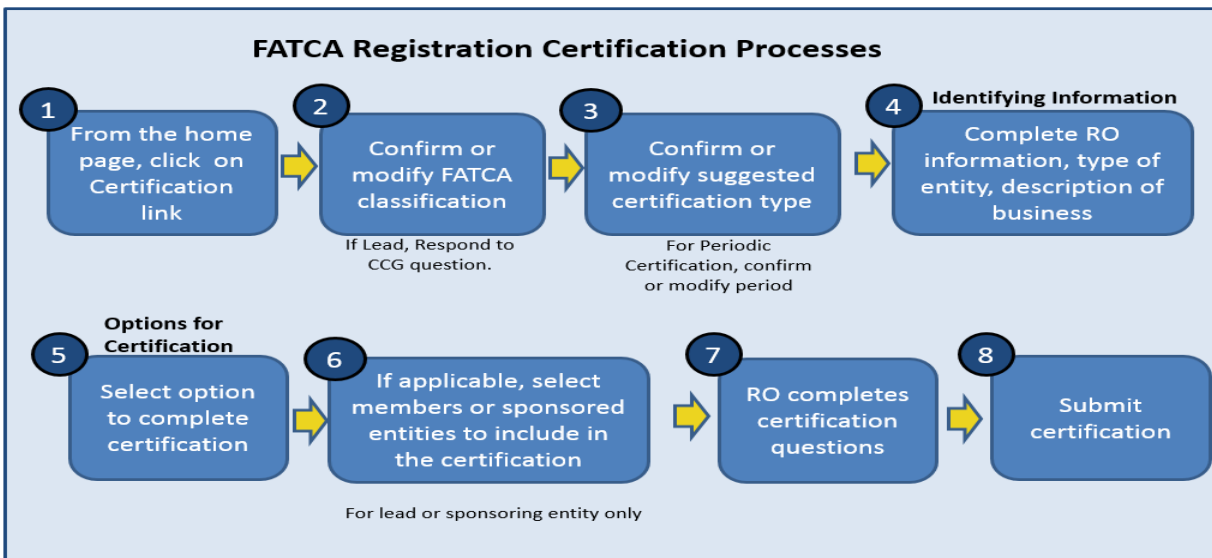

Figure 36 -- FATCA Registration Certification Processes

5.4 Certification of Pre-existing Accounts (COPA)

3 Based on the country/jurisdiction of tax residence and FATCA classification, certain FIs who are in approved status or were previously in approved status, need to submit a certification of pre-existing accounts (COPA): a one-time certification of compliance with the due diligence requirements for pre-existing accounts. For single, lead, and member FIs, all approved branches if applicable, are included in the FIs certification.

After an FIs registration status is approved, the FI will be notified via email and message board message that COPA is available for completion. Once the message is received, the FI can complete and submit the COPA and has until July 1st of the calendar year following the end of the certification period (three full calendar years after approval) to submit the certification. The FI should view the COPA summary information on its home page which includes the due dates.

Table 14 -- COPA Dates

COPA		
FI Effective Date Year	COPA Open Date	COPA Due Date
2014	Effective Date	7/1/2018*
2015	Effective Date	7/1/2019
2016	Effective Date	7/1/2020
2017	Effective Date	7/1/2021
2018	Effective Date	7/1/2022
2019	Effective Date	7/1/2023
2020	Effective Date	7/1/2024

* COPA Due Date extended to December 2018

FIs can submit their COPA through the Certification of Pre-existing Accounts link on the FI home page and follow the instructions to complete all required parts. After submission, the FI will receive a certification result (based on responses provided), and the COPA status is updated to submitted.

Entities that are required to complete a COPA, but who cancel their FATCA agreement or have their agreement terminated by the IRS, must complete and submit the COPA within six months of the cancellation or termination.

NOTE: Failing to submit a certification, when required, is an event of default that could cause termination of you and your associated entities' FATCA status and result in the removal from the next published FFI list.

Table 15 – COPA Statuses

COPA Status	Description
Due	A Due COPA status means your COPA is available for review and submission.
Not Required	The system determination of Not Required is based on the FIs country/jurisdiction of tax residence, FATCA classification and if the FI has any branches or sponsored entities it needs to certify for. However, it is ultimately the responsibility of the FI to determine its certification requirements.
Overdue	An Overdue COPA status means you have not yet submitted your COPA and it is overdue.
Submitted	A Submitted COPA status means you have completed your COPA and submitted to the IRS. For member type FIs, your status will also be Submitted if your lead FI included you in its COPA certification.

5.4.1 How to Submit a COPA

You will receive a message board message and an email to the RO notifying you to complete and submit the certification. The COPA link will be on your home page.

1. **Click on Certification of Pre-existing Accounts link** - Locate the link in the account options section of your home page. The link will appear shortly after the registration has been approved. If you have previously submitted a COPA, a warning will appear to confirm you'd like to submit another certification. A warning will not appear for member FIs whose lead has submitted a certification on their behalf.

If you previously accessed the link and exited at the instructions page or further, without submitting the certification, when you return, you will go directly to the instructions page. Any information you saved will be present when you return to the certification, except for selections of member FIs (on Lead FI certifications only) and sponsored entities (on Sponsoring Entity certifications only).

2. **Confirm or Modify FATCA Classification** - Choose or confirm the FATCA classification selected or modify if it is incorrect. Lead FIs with a classification Participating FFI (including a Reporting Financial Institution under a Model 2 IGA), Reporting Financial Institution under a Model 1 IGA, or U.S. Financial Institution must also determine if they will act as a compliance FI of a consolidated compliance group. Changing the FIs FATCA classification here will change the classification in the registration as well. See Question 4 of your FATCA online registration for more details.
3. **Confirm or Modify suggested certification type** - The FATCA Online Registration System will determine if an FI is required to submit a COPA based on the FIs country/jurisdiction of tax residence, FATCA classification and if the FI has any branches or sponsored entities it needs to certify for. Follow the appropriate steps below based on the system determination.

System Determines COPA is Required

If the system determines you are required to complete a certification, it will suggest a certification type for the FI based on the current FATCA classification and country/jurisdiction of tax residence in the registration system.

- Select “yes” to continue with the suggested certification type.
- Select “no” to select a different certification type, then select a different certification type. The system will display only the types of certifications available to you based on your FI type.

System Determines COPA is Not Required

If the system determines you are not required to submit a COPA, you can still submit a certification.

- Select “yes” to submit a certification. On the following page, select the certification type and click “Next” to continue.
- Select “no” if you agree that you are not required to submit a COPA. You will be directed to the home page. The COPA status on the home page will be updated to “Not Required”.

NOTE: For FIs not required to submit a COPA, the process ends here if you choose not to submit a certification.

Instructions page – Read the instructions for the certification of pre-existing accounts. This explains the sections you will be completing. Be aware, if you exit the certification after the instructions page or further, when you return, the process will restart at the instructions page and you are unable to change your classification from the certification link.

4. **Identifying Information** - Confirm the responsible officer (RO) information and make updates as needed. Any updates made will be saved to your registration account. You will also need to describe the entity’s business and, for PFFI and compliance FI, identify the type of financial institution.
5. **Options for Certification** - This section includes options for the FI to indicate whether it is completing COPA, unable to complete COPA, or is not required to complete COPA. If you select the option for completing the COPA, you will then be prompted with the certification questions. If you select the option unable to complete or not required to complete COPA, you will be required to provide a reason or explanation. For FIs that are unable or not required to complete a COPA, after selecting the radio button and providing a reason/explanation, the COPA status will be changed to Submitted and your result is displayed. You will be returned to the home page and a confirmation message will be on your message board.
6. **For Lead FIs and Sponsoring Entity only:** If applicable, select members or sponsored entities - Select the entities to include in the certification. All eligible entities will be displayed. There may be multiple pages of members/sponsored entities. The user may select all eligible entities by checking the box above the table or select all the entities on a single page by checking the top box on the table. Selections for member FIs and sponsored entities are not saved. Member FIs and sponsored entities who exited at the instructions page or further, will be directed to the instructions page.

If a COPA has been submitted by or for a member, the most recent submission date appears in the last column (COPA Date). If the Lead FI submits a certification for the member, the member will need to update its FATCA classification by editing its registration at/in question 4.

You will be asked if you are certifying for any sponsored, closely held investment vehicles. Select “yes” or “no”.

If you selected yes, you must add at least one sponsored, closely held investment vehicle. For each sponsored, closely held investment vehicle you are adding, provide the legal name and the country/jurisdiction, then click the Add Another button to add to the table.

You can delete entries by clicking the delete link next to the entity you want to delete.

A maximum of 100 sponsored, closely held investment vehicles can be added to the table. If you have more than 100, you will need to complete additional certifications.

7. **Certification of compliance with the due diligence requirements for pre-existing accounts** - Complete the certification questions. Be prepared to provide explanations and descriptions to support your answer. The number of questions is dependent on the certification type. You can view the sets of questions on the [FATCA Certifications webpage](#).
8. **Submit the certification** –Once you have completed all questions, click “Submit” at the bottom of the page. When prompted for the submit certification warning, acknowledge that you want to submit the certification by clicking “yes”. The COPA submitted page confirms you have submitted the certification and provides your certification result based on the responses provided. Click “OK” to return to the home page. The COPA status will be updated to Submitted and a message board message will confirm your submission and the certification results. View your certification history table for a list of all submitted certifications.

Table 16 -- COPA Result Description

COPA Result	Description
Due Diligence	This result will be displayed when the Responsible Officer completes the certification of pre-existing accounts and the responses provided as part of the certification do not indicate any failure by the FI to comply with any of the requirements with respect to its preexisting accounts that has not been corrected prior to the date of the certification.
Failure to Certify	<p>This result will be displayed when the Responsible Officer selects the option indicating that it is “unable to complete the certification of compliance with the due diligence requirements for preexisting accounts at this time”.</p> <p>This will also be the result if the responses provided as part of the certification indicate a failure by a PFFI, Compliance FI (or any of the members of the CCG), or Sponsoring Entity (or any of the sponsored FFIs or sponsored direct reporting NFFEs) to comply with all of the requirements with respect to its preexisting accounts, or a failure by a Registered Deemed-Compliant Local FI or Restricted Funds to comply with any of the requirements with respect to their preexisting accounts.</p> <p>An overall result of “Failure to Certify” will result in an event of default that could cause termination of the entity’s FATCA status.</p>
Not Required	<p>This result will be displayed when the Responsible Officer (RO) selects the option indicating that it is “not required to complete the certification of compliance with the due diligence requirements for pre-existing accounts”. When this option is selected, the user will be required to provide a brief explanation. The IRS may follow up with additional inquiries based on the explanation provided.</p> <p><u>Note:</u> There is no exemption or waiver from the certification requirement. It is expected that those indicating they are not required to complete a certification of pre-existing accounts do so in very specific and limited circumstances.</p>

COPA Result	Description
Qualified Certification	<p>This result will be displayed when the Responsible Officer of a PFFI, Compliance FI, or Sponsoring Entity completes the certification of preexisting accounts and the responses provided as part of the certification indicate a failure by the FI to comply with any of the requirements with respect to its preexisting accounts that has not been corrected prior to the date of the certification, but that the FI indicates that it will take corrective actions to remediate the failure.</p> <p>An overall result of “Qualified Certification” indicates that the FI failed to comply with one (or more) of its requirements but that is working on correcting such failure(s).</p>

Submitting an additional certification

You cannot edit a COPA once you submit it. Instead, you must submit an additional COPA to include updated information. Generally, submitting an additional COPA will supersede the previously submitted COPA. However, all submitted certifications are saved in the registration system. You can view the history of submitted COPAs from the certification history link on the home page.

5.5 Periodic Certification

4

Based on the country/jurisdiction of tax residence and FATCA classification, certain FIs who are in approved status or were previously in approved status, are required to submit periodic certifications.

The periodic certification period covers three full calendar years, from January 1st of year one to December 31st of year three. The initial periodic certification will cover the three full calendar years plus the time from the effective date of the FFI agreement (or the date the GIIN is issued for entities that do not enter into an FFI agreement (e.g. direct reporting NFFE) to the beginning of the first full calendar year). For example, for an FI that has an agreement with an effective date of July 1, 2014, the initial certification period starts July 1, 2014 and ends on December 31, 2017. Each subsequent certification period is the three-calendar year period following the previous certification period. The FI has July 1st following the end of the certification period (i.e., six months) to submit the periodic certification.

The account home page will display periodic certification information starting on the initial periodic open date.

The account home page from then on will always display the most current information as long the FI remains in approved status. The periodic certification summary information for the current cycle on the home page includes the certification period, periodic status (whether the FI has submitted the current certification, certification is due, overdue or not required), due date, and submitted date (for current cycle only), if applicable.

**Periodic Due Date extended to December 2018

FIs can submit the certification via the Periodic Certification link on the home page by following instructions to complete all required parts. After submission, the FI receives a certification result and the periodic certification status is updated to Submitted. For single, lead and member FIs, the certification includes all approved applicable branches.

Table 18 – Periodic certification statuses

Periodic Certification Status	Description
Due	A due periodic certification status means your periodic certification is available for review and submission.
Not Required	The system determination of Not Required is based on the FIs country/jurisdiction of tax residence, FATCA classification and if the FI has any branches or sponsored entities it needs to certify for. However, it is ultimately the responsibility of the FI to determine its certification requirements.
Overdue	An overdue status means you haven't submitted your periodic certification for the current certification and it is overdue.

Periodic Certification Status	Description
Submitted	A submitted status means you have completed the periodic certification and have submitted it to the IRS. For member type FIs, whose lead FI included them in its periodic certification, will also receive a submitted status.

Entities who cancel their FATCA agreement or have their agreement terminated by the IRS must complete a periodic certification within six months.

NOTE: Failing to submit a periodic certification, when required, is an event of default that could cause termination of you and your associated entities' FATCA status and result in the removal from the next published FFI list.

5.5.1 How to Submit a Periodic Certification

You will receive a message board message and an email to the RO notifying you that your periodic certification is available to complete and submit. The periodic certification link will be on your home page.

1. **Click on Periodic Certification link** – Locate the link in the account options section of your home page. The link will display once the certification period has opened. If you are in Approved status and have previously submitted a certification for the current cycle, a warning will appear to confirm you'd like to submit another certification. A warning will not display for member FIs whose lead has submitted a certification on their behalf.
2. If you previously accessed the link and exited at the instructions page or further, without submitting the certification, when you return, you will go directly to the instructions page. Any information you saved will be present when you return to the certification, except for selections of member FIs (on Lead FI certifications only) and sponsored entities (on Sponsoring Entity certifications only). **Confirm or Modify FATCA Classification** – Choose or confirm the FATCA classification selected or modify if it is incorrect. Lead FIs with a classification Participating FFI (including a Reporting Financial Institution under a Model 2 IGA), Reporting Financial Institution under a Model 1 IGA, or U.S. Financial Institution must also determine if they will act as a compliance FI of a consolidated compliance group. Changing the FIs FATCA classification here will change the classification in the registration as well. See Question 4 of your FATCA online registration for more details.
3. **Confirm or Modify suggested certification type and period** - The FATCA online registration system will determine if an FI is required to submit a periodic certification based on the FIs country/jurisdiction of tax residence, FATCA classification and if the FI has any branches or sponsored entities for which it needs to certify. Follow the appropriate steps below based on the system's determination.

System Determines Certification is Required

If the system determines you are required to complete a certification, it will suggest a certification type based on the FIs FATCA classification and country/jurisdiction of tax residence and a certification period for the FI. The certification period determined by the system is based on the effective date of the FFI agreement or the date a GIIN was issued for entities that do not enter into an FFI agreement (e.g. Direct Reporting NFFEs). This is referred to as the "effective date" for purposes of this user guide.

- Select "yes" to continue with the suggested certification type and certification period.
- Select "no" to select a different certification type or to change the certification period. Then select a different certification type or certification period. The certification period's start date cannot be earlier than the FIs effective date.

NOTE: If the modified period does not cover the entire certification period, after submitting the certification, you will be asked if you want to submit an additional certification.

System Determines Certification is Not Required

If the system determines the FI is not required to submit a periodic certification for the certification period, you can still submit a certification.

- Select “yes” to submit a certification. Select a certification type from the options available in the drop-down list. If you want to change the dates, the certification period start date cannot be earlier than the FI’s effective date. The certification period end date cannot be later than the certification period’s end date.
- Select “no” if you agree that you are not required to submit a periodic certification. The system will direct you to the FI home page. The system will update the periodic certification status to “Not Required”.

NOTE: For FIs not required to submit a periodic certification, the process ends here if you choose not to submit a certification

Instructions page - Read the instructions for the periodic certification. This explains the sections you will be completing. Be aware, if you exit the certification after the instructions page or further, when you return, the process will restart at the instructions page and you are unable to change your classification from the certification link.

4. **Identifying Information** – Confirm the responsible officer (RO) information and make updates as needed. Any updates made will be saved to your registration account. You will also need to describe the entity’s business/ lines of business and, for PFFI and compliance FI, identify the type of financial institution.
 - a. Trustee of a Trustee Documented Trust – If the trustee had any trustee documented trusts that were subject to a Model 2 IGA, select “yes” and add the legal name of each trustee-documented trust to be included in the certification as well as the country/jurisdiction (maximum 1000 trusts).

For subsequent certifications, the system will display the list of trustee-documented trusts that were included in the previous certification. If the trustee did not have any of trustee-documented trusts that were subject to a Model 2 IGA, select “No” and the certification status will be updated to submitted.
 - b. For a Sponsoring entity of sponsored FFIs and sponsored direct reporting NFFEs, RO must complete both the sponsored FFIs certification and the sponsored direct reporting NFFEs before being able to submit the periodic certification. The certification status will not be changed to submitted until both parts are completed and the FI “clicks” the submit button on the summary page.
5. **Options for Certification** - This section includes options for the FI to indicate whether it is completing the periodic certification, is unable to complete the periodic certification, or doesn’t have to complete periodic certification. If you select the option for completing the periodic certification, you will then be prompted with the certification questions. If you select the option unable to complete or not required to complete the periodic certification, you will be required to provide a reason or explanation. For FIs unable or not required to complete a periodic certification, after selecting the radio button and providing a reason, the certification status will appear as Submitted and the result is displayed. You will be returned to the home page and a confirmation message will be on your message board.
6. **For Lead FIs and Sponsoring Entities FIs only** - If applicable, select members or sponsored entities. Select the

entities to include in the certification. All eligible entities will be displayed. There may be multiple pages of members/sponsored entities. The user may select all eligible entities by checking the box above the table or select all the entities on a single page by checking the top box on the table.

If a periodic certification has been submitted by or for a member, the most recent submission date appears in the last column (Last Periodic Certification). If the Lead FI submits a certification for the member, the member will need to update its FATCA classification by editing its registration at/in question 4.

Lead FI –

- The system will take the lead FI to the select members screen when it is acting as the compliance FI of a consolidated compliance group.
- Leads registered with a Deemed-Compliant classification, need to answer, if the certification is being provided collectively for the Registered Deemed-Compliant FFIs expanded affiliated group. If the lead selects “yes”, then the system will then navigate the lead to the select members screen.

Only members that have a registration status of approved, agreement terminated, or agreement canceled and whose effective date is not after the certification period end date are displayed.

If there are no eligible members displayed, the lead will need to edit its certification type if it is acting as the compliance FI of a consolidated compliance group or it will need to change the answer to the Registered Deemed-Compliant collective question to “no”.

The system will reset the certification dates of included members who have different periodic certification dates than the lead, when it submits the certification.

Sponsoring entity –

To be eligible to be included in the certification, a sponsored entity must:

- Be in approved, canceled or terminated status. If the sponsored entity's status is canceled, the cancellation date must be on or after the sponsoring entity's certification period start date . Note: The status date can be viewed in the sponsored entity table.
- Have an effective date that is before the sponsoring entity's certification period end date
- Have a classification type of:
 - Sponsored subsidiary or sponsored fund (**for Sponsoring Entity of Sponsored FFIs certification type only**)
 - Sponsored direct reporting NFFE (**for Sponsoring Entity of Sponsored Direct Reporting NFFEs certification type only**)

If you do not select all sponsored entities, you must state the reason why.

If there are no eligible sponsored entities, the sponsoring entity may still complete the certification.

7. **Periodic certification question sets** - Complete the certification questions. If applicable, you may be required to answer initial questions to direct you to the appropriate question set for Qualified Certification or Certification of Effective Internal Controls. If the answers to the questions do not match the responses to the initial questions, an error message will appear when saving or submitting. Be prepared to provide explanations and descriptions to support your answers. The number of questions is dependent on the certification type. You can view the sets of questions on the [FATCA Certifications webpage](#).
8. **Submit the certification** – Once you have completed all questions, click ‘Submit’ at the bottom of the page. When prompted for the submit certification warning, acknowledge that you want to submit the certification by clicking “yes.” The periodic certification submitted page confirms you have submitted the certification and provides your certification result (based on the responses provided). Click “OK” to return to the home page. The periodic certification status will be updated to Submitted and a message board message confirms submission and the certification results. If you submitted a certification that does not cover the entire certification period, you will be asked if you want to submit an additional certification. View your certification history table for a list of all submitted certifications.

Table 19 -- Periodic Certification Results

Periodic Certification Result	Description
Not Required	<p>This result will be displayed when a Responsible Officer selects the option indicating that it is “not required to complete a periodic certification for this certification period”. When this option is selected, the user will be required to provide a brief explanation. The IRS may follow up with additional inquiries based on the explanation provided.</p> <p>NOTE: There is no exemption or waiver from the certification requirement when one is required to be submitted. It is expected that those indicating they are not required to complete a periodic certification for the certification period do so in very specific and limited circumstances.</p> <p>With respect to the periodic certification for Trustee-Documented Trusts, this will be the result if the Trustee of a Trustee-Documented Trust indicates that it did not have any Trustee-Documented Trusts that are subject to a Model 2 IGA during the certification period.</p>
Compliance	<p>This result will be displayed when a Responsible Officer completes the periodic certification and the responses provided as part of the certification do not indicate any material failure that has not been corrected prior to the date of the certification; or a failure by a Registered Deemed-Compliant FFI or Trustee-Documented Trust to comply with any of the requirements with respect to their FATCA classification.</p>
Qualified Certification	<p>This result will be displayed when the RO of a PFFI, Compliance FI, or Sponsoring Entity indicates that there were events of default during the certification period and/or there were material failures during the certification period that were not corrected prior to the certification date, but that the FI indicates that it will take corrective actions to remediate the failure.</p> <p>An overall result of “Qualified Certification” indicates that the FI did fail to comply with one (or more) of its requirement but that is working on correcting such failure(s).</p>
Failure to Certify	<p>This result will be displayed when a Responsible Officer selects the option indicating that it is “unable to complete a periodic certification at this time”.</p> <p>This will also be the result if the responses provided as part of the certification indicate any material failures or events of default for which the FI indicates that it will not take any corrective actions to remediate the failure or event of default; or a failure by a Registered Deemed-Compliant FFI or Trustee-Documented Trust to comply with any of the requirements with respect to their FATCA classification.</p> <p>An overall result of “Failure to Certify” will result in an event of default that could cause termination of the entity’s FATCA status.</p>

Submitting an additional certification

You cannot edit a periodic certification once you submit it. Instead, you must submit an additional periodic certification to include updated information. Generally, submitting an additional periodic certification will supersede the previously submitted periodic certification. However, all submitted certifications are saved in the registration system. You can view a history of submitted periodic certifications from the certification history link on the home page.

5.6 Available Account Options

** Sponsoring entities cannot edit by part. They will have the edit/complete/submit link available when in initiated, registration submitted or registration incomplete status.

5.6.1 Edit Registration

5.6.1.1 Edit a Registration in Approved Status (“Registration – Edit” links)

FIs in approved status can edit their registration. Links will be available on the home page, depending on the FI type and responses to the registration questions. Your registration will remain in approved status after editing the registration. You do not need to resubmit your registration information after updating since your account is in approved status.

NOTE: When the Responsible Officer (RO) or Point of Contact (POC) has changed, you must edit this information in the registration.

To edit a registration in approved status:

- Select one of the following links under Available Account Options on the home page:
 - Registration – Edit – Start from My Information (Part 1)**
 - Registration – Edit – Start from Expanded Affiliated Group Information (Part 2)**
 - Registration – Edit**
- Beginning at the first question, each page will contain your registration information and can be edited.
- To save your changes and continue to the next page, click the “next” button.
- After the last Edit/Review page, you will reach Submit (Part 4) of the registration.
 - If you need to make any changes in Part 4:
Edit your information and click the “submit” button. Clicking Submit at this time will save your changes and you will remain in approved status.
 - If you do not need to make changes in Part 4:
Click my home page to return to the home page.

How editing a registration in approved status affects the GIIN and FFI List.

- An FI GIIN will only be affected when an FI changes the country/jurisdiction of tax residence in Part 1, Question 3A of the registration. This change affects the last three characters of the GIIN. The system will update the GIIN when the registration is reprocessed (typically within a few days) and can be viewed on the home page. The updated country/jurisdiction and GIIN will not display on the FFI list until the next publication of the list.
- When you change the Legal Name of the Financial Institution in Part 1, Question 2 of the registration, the updated name can be viewed on the home page but will not display on the FFI list until the next publication of the list.

5.6.1.2 Edit a Registration in Registration Submitted Status

Single, lead, and member FIs in registration submitted status can edit and then resubmit their registration from the beginning of Part 1 or Part 2 of the online registration, without having to page through the entire registration to make an update. Links will be available on the home page, depending on the FI type and responses to registration questions. Each link will take you to the first question of the part selected.

A sponsoring entity in registration submitted status can only edit their registration beginning from Question 1. One link will be available on the home page and will take you to Question 1 in Part 1.

Editing a registration in registration submitted status causes the status to change to initiated. The single, lead, member, or sponsoring entity must go through the registration and resubmit in Part 4 for the registration to be processed. Once the registration has been resubmitted, the status will be changed to registration submitted.

Table 21 – Registration – edit links for registration submitted status

Home Page Links (registration submitted status)	FI Type	Begin from Question

 - To go back without editing the registration:

Click the “no” button. Selecting No will not change the registration status and returns you to the home page.
 - To continue editing the registration:

Click the “yes” button. Selecting Yes will change the registration status back to initiated. You must resubmit the registration in Part 4 for processing.

Your registration status will change to registration submitted.
 - If you do not need to make changes in Part 4:
Click the “submit” button to resubmit your registration for processing. Your registration status will change to registration submitted.

5.6.1.3 Edit a Registration in Initiated and Registration Incomplete Status (Registration – “Edit/Complete/Submit” link)

FIs in initiated and registration incomplete statuses edit from the beginning (Question 1) of the registration. You must complete the registration and submit in Part 4 for the registration to be processed. The account will remain in initiated or registration incomplete status until registration is submitted.

To edit a registration in initiated and registration incomplete status:

1. Click on the following link under Available Account Options on the home page:
Registration – Edit/Complete/Submit
2. Beginning from Question 1, each page will contain your registration information and can be edited.
3. Review your registration information for each question and make any changes.
4. To save your changes and continue to the next page, click the “next” button.
5. When you reach the end of the part, an Edit/Review page will contain your responses to each question for that part of the registration.
 - If you need to make changes:
Click on the **edit/review** link to return to the first question of that part of the registration.
 - If you do not need to make changes:
Click the “next” button to continue to the next part of the registration.
6. After your last Edit/Review page, you will reach Submit (Part 4) of the registration.
 - If you need to make any changes in Part 4:

 - If you do not need to make changes in Part 4:
Click the “submit” button to submit your registration for processing. Your registration status will change to Registration submitted.

5.6.2 Delete Registration

Previously, a single, lead or sponsoring entity FI was able to delete its registration in certain statuses (initiated, registration submitted or registration incomplete) and a lead FI was able to delete its members in these same statuses. The delete option has been removed from the registration system and FIs can no longer delete registrations. An FI in approved status will continue to have an option to cancel its agreement.

5.6.3 Cancel Registration Agreement

5.6.3.1 Cancel Registration Agreement (Single, member, sponsoring entity)

After a registration is in approved status, an FI may choose to cancel the registration agreement. The Cancel Agreement action must be done by the FI.

If the FI cancels a registration agreement that is in approved status, the FI, and any applicable branches, will no longer be published on the FFI List, the GIINs will no longer be valid, and the FI will need to register again to obtain new GIINs. If the FI is a sponsoring entity in approved status, all sponsored entities and sponsored subsidiary branches will no longer be published on the FFI List and their GIINs will no longer be valid.

Single FIs, member FIs, and lead FIs, will receive an error message if they attempt to cancel the registration agreement while they are in the process of transferring to an expanded affiliated group (EAG). The transfer request must first be withdrawn via the **withdraw transfer** link on the home page before the registration agreement can be canceled. Lead FIs will receive an error message if they attempt to cancel the registration agreement if there are pending transfers into the lead's (EAG). The transfer requests must first be declined, see [Chapter 5.3.8.3. Respond to Transfer Request \(Lead FIs only\)](#) for more information

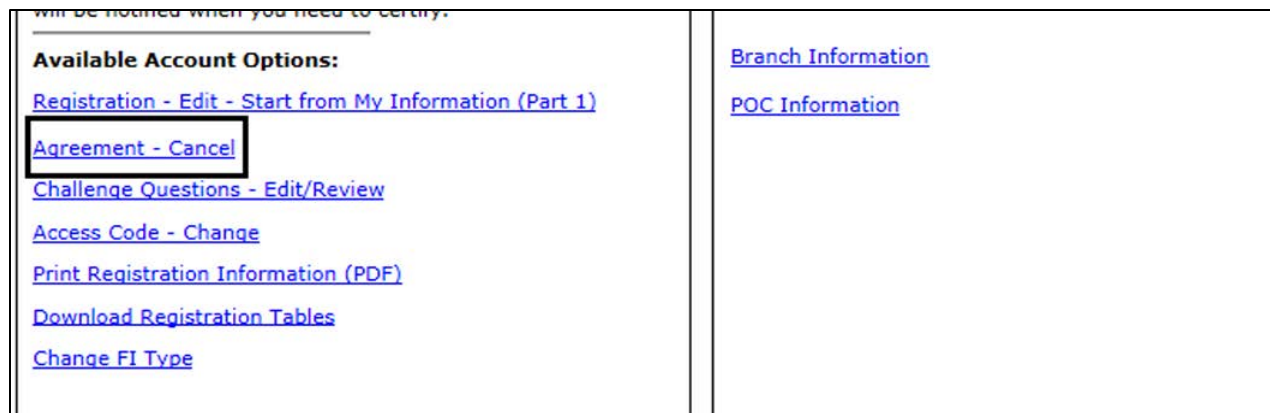

Figure 40 – Cancel registration agreement

1. Select the **agreement – cancel** link under Available Account Options on the home page.
2. Select one of the following:
 - To keep the registration agreement, click the “back to home page” button.
 - To cancel the registration agreement, click the “cancel agreement” button. The registration agreement has now been canceled. Click the “OK” button to return to the home page. The FI is now in agreement canceled status.
 - Entities that are required to complete a COPA or Periodic certification but that cancel their FATCA agreement must complete and submit the required certifications within six months of the cancellation.

NOTE: When a member FI cancels its registration agreement, a message is posted to the lead FIs message board.

5.6.3.2 Cancel Registration Agreement (Lead FI only)

A lead FI cannot cancel a member FI's registration agreement but can cancel its own registration agreement. If the lead cancels its registration agreement in approved status, the lead, and any applicable branches, will no longer be published on the FFI List, the GIINs will no longer be valid, and the lead will need to register again in order to obtain a new GIIN.

A lead FI cannot cancel their Agreement if any of their members are in one of the following statuses: Initiated, Registration Submitted, Registration Incomplete, Approved or Limited Conditional. A lead FI can only cancel their own agreement if all its members are in one of the following statuses: Registration Under Review, Registration Rejected/Denied, Agreement Canceled or Agreement Terminated.

In order for a lead FI to cancel its own registration agreement, it cannot be in the process of transferring to another (EAG) or have active members or pending transfers into its (EAG). If the lead FI attempts to cancel its own registration agreement, with active member FIs, pending transfer requests, or a transfer in progress, an error message will display.

1. Select the **agreement - cancel** link under Available Account Information on the home page.
2. Select one of the following:
 - To keep the registration agreement, click the “back to home page” button.
 - To cancel the registration agreement, click the “cancel agreement” button. The registration agreement has now been canceled. Click the “OK” button to return to the home page. The FI is now in agreement canceled status.
 - Entities that are required to complete a COPA or Periodic certification that cancel their FATCA agreement must complete and submit the required certifications within six months of the cancellation.

5.6.4 Edit Challenge Questions

The challenge questions are used when a user forgets and needs to reset the access code. 5.6.7 Download Registration Tables

An FI in initiated, registration incomplete, registration submitted, or approved status can download registration tables using the **download registration tables** link on the home page. All tables are available in PDF and CSV formats, except for the sponsored subsidiary branch information table which is available in CSV only. If the user selects a table in which no information has been entered by the FI, the system will display an error message.

The table below displays which registration tables are available based on the FI type and status.

5.6.8 Change FI Type and Transfers to an Expanded Affiliated Group

Certain FIs in approved status may change their FI type. In addition to changing their FI type, member FIs, in approved status, can transfer to another expanded affiliated group (EAG). When changing the FI type or transferring, FIs should note the following:

- The user does not need to cancel its current registration agreement or create a new registration. A new FATCA account will be created with the existing registration information, including branches, and the account status will not change.
- If the FATCA account is already in approved status, a new GIIN will be issued. The old GIIN will remain on the published FFI List for a short time to allow the GIIN holder to distribute its new GIIN. The effective date will not change.
- All approved branches for the registration will also be issued new GIINs based on the new FATCA account. The old branch GIINs will also remain on the published FFI List for a short time.
- Renewal of Agreement information and will not be affected.
- Certification information will not be affected. The certification history table will contain all submitted certifications, including submissions under the previous FATCA ID(s).

5.6.8.1 Change FI Type

The following FI type changes are available through the **change FI type** link on the home page:

- Member FI to single FI
- Single FI to lead FI
- Single FI to member FI (Transfer to an (EAG))
- Lead FI to member FI (Transfer to an (EAG))

If the FI type change combination the user wishes to make is not listed above, users can follow a two-step approach to achieve the desired outcome. For example, to change from a member to a lead, the member FI can first change its FI type to single, then to lead.

NOTE: Current member FIs who wish to transfer to another expanded affiliated group, [go to Transfer to Another Expanded Affiliated Group \(Member FIs Only\)](#).

5.6.8.1.1 Change FI Type: Member to Single and Single to Lead:

- If you are a member in approved status you may change your FI type to single.
- If you are a single in approved status you may change your FI type to lead.

5.8.5 Manage Sponsored Entities (Sponsoring entities in approved status only)

Figure 83 – Manage sponsored entities link on home page

A sponsoring entity can manage its sponsored entities via the **manage sponsored entities** link on the home page. Depending on the status of the sponsored entity, a sponsoring entity in approved status can view, add, edit, cancel, and delete sponsored entities. Sponsoring entities can add up to 5,000 sponsored entities to their FATCA account. The **manage sponsored entities** link will only be available when the sponsoring entity's account is in approved status.

5.8.5.1 View Sponsored Entity Information

Sponsored entities are displayed in the sponsored entities table on the manage sponsored entities page. The table includes the sponsored entity's legal name, country/jurisdiction, FATCA classification, sponsored entity ID, status, status date, GIIN, effective date, and certification submission dates. A sponsored entity ID is similar to a FATCA ID; however, it cannot be used to log into the online registration system and is for identification purposes only. A sponsored entity's GIIN will be displayed only if it is in approved status and the effective date will be the date the sponsored entity's GIIN is issued (original approval date). The effective date will continue to display for canceled and terminated sponsored entities.

5.8.5.3.2 Add multiple sponsored entities using a file upload

A sponsoring entity can submit multiple sponsored entity records to the online registration system using a file upload. The file upload option allows a sponsoring entity to add many sponsored entities (and sponsored subsidiary branches) at once, rather than adding each individually.

The figure below illustrates the file upload process:

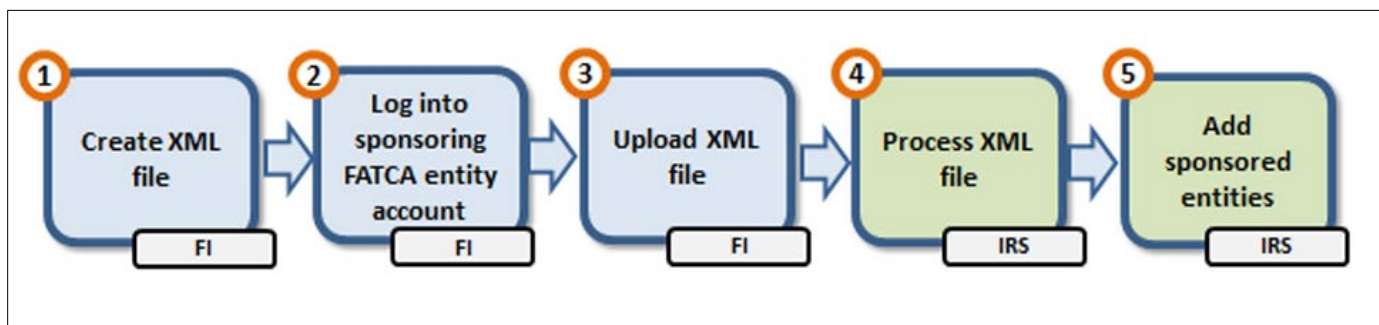

Figure 87 – Sponsored entity file upload process

Step 1: Create XML file

Step 1 requires users to create an XML file which can be done in two ways:

- Users unfamiliar with XML should use The FATCA Registration Sponsored Entity Data Preparation Tool to create an XML file. The tool and step by step instructions can be found on the [Information for Adding Multiple Sponsored Entities Using a File Upload page](#).
- Users familiar with XML and who wish to create an XML file without using the Data Preparation Tool can find instructions on how to download the schema, prepare, and validate the XML file:
 - In this user guide, go to [Appendix D - XML File Preparation Instructions for Adding Multiple Sponsored Entities using a File Upload](#).
 - On the FATCA website, [Information for Adding Multiple Sponsored Entities Using a File Upload page](#).

After creating the file, continue to the instructions below on how to select and upload the file. These instructions also describe how the file is processed and added to the sponsoring entity's FATCA account.

Step 2: Log into sponsoring entity FATCA account

1. Select the **manage sponsored entities** link under Your Information on the home page. The **manage sponsored entities** link will be available when the sponsoring entity's account is in approved status.

NOTE: The browse/upload box may display differently depending on type of Internet browser.

XML file name requirements:

- Must be 250 characters or less
- Valid characters are uppercase and lowercase letters, A through Z, and numbers, 0 through 9, and underscore (_)
- No blank spaces
- The extension of the filename must be “.xml”

Step 3: Upload XML file

1. Click “upload” button to begin to upload the XML file.
2. A pop up message will display notifying you that it will take some time to upload the file. Select one of the following:
 - To return to the page without uploading the file:
Click the “cancel” button.
 - To upload the file:
Click the “OK” button.
3. The file will either not be accepted for processing or accepted for processing:
 - File not accepted: If the file contains errors at the time of the upload, it will not be accepted and an error message will display with additional information about the error. A message will be posted to your message board with information about the error.
 - File accepted: If the file contains no errors at the time of the upload, the file will be accepted for processing and a confirmation page will display with a confirmation number. A message will be posted to your message board with the confirmation information. Allow 48 hours for the sponsored entities (and sponsored subsidiary branches) included in the accepted XML file to be processed and added to the sponsored entity table.

Figure 89 – Add multiple sponsored entities using a file upload – Uploaded file accepted

Step 4: Process XML file

Within 48 hours of an accepted file upload, a message will be posted to your message board with information on the processing status of the file. The message will include the file’s confirmation number.

The file will either not be processed or complete processing:

- File not processed: The message board message will provide additional information on why the file could not be processed.
- File processing complete: The file was processed successfully. The message board message will provide information on the number of records that were added to the sponsored entity table. The number of records refers only to the number of sponsored entities added and does not include any sponsored subsidiary branches.

Step 5: Add sponsored entities

If the file is processed successfully, you can view your sponsored entities by selecting the **manage sponsored entities** link on the home page. The records will be in submitted status and awaiting a GIIN. Monitor your message board for updates on the status of the sponsored entities.

The table below contains possible errors you may receive during the process of adding sponsored entities. If applicable, a message will be posted to your message board containing additional information about the error.

Table 28 – Possible errors that may occur when adding sponsored entities

Error Type	Next Steps
The file format is incorrect. Verify that the XML is formatted correctly	Validate the file against the XML schema using any XML editor. Follow the error message's instructions to correct the XML elements and revalidate the file. Upload the corrected file
The FATCA ID of the sponsoring entity in the file does not match your FATCA ID	The FATCA ID in the XML file must be the same FATCA ID of the account you are uploading to. Correct the XML file and upload the corrected file
The file failed security screening	Create and upload a new XML file
The file contains restricted characters	Verify that you have not used two hyphens in a row without characters in between, (--) are not allowed. Replace any use of an ampersand (&), with "&";
Adding these sponsored entities to your existing sponsored entities will exceed the maximum number allowed (5000)	The number of records in the file, plus the number of sponsored entities in the sponsored entity table, will cause the total to exceed 5000 records. Review your sponsored entities table and submit a new file that will not exceed the record limit
The file failed schema validation. One or more records in your file does not meet the requirements for adding a sponsored entity or sponsored subsidiary branch record, or the schema version is not correct	Validate the file against the XML schema using any XML editor. Follow the error message's instructions to correct the XML elements, including the schema version, and revalidate the file. Upload the corrected file
A system error has occurred. Try again later	Upload the file again at a later time
Your file could not be processed due to a system error. You need to resubmit your file	Upload the file again
Your file was partially processed, but processing could not be completed due to a system error	Review your sponsored entities table to determine which records were successfully added. Create and upload a new file containing only the records that were not added to the sponsored entity table

5.8.5.4 *Edit a Sponsored Entity*

5.8.7 Certification History

A table of all submitted certifications is available from the account home page. Click on the Certification History link in the *Your Information* section. This will display the summary information for each submitted certification, the FATCA ID of the FI that submitted, whether it was a COPA or periodic certification, and certification results. You'll also see the date it was submitted and the type of certification. The column for certification period only refers to periodic certifications. For member FIs only, the link to view the certification will not appear unless you, and not your Lead FI, have submitted the certification (i.e. cannot view a certification that was submitted by your lead FI). An FI will not have the link for certification history if the registration is registration status under review, registration rejected/denied, agreement canceled or agreement terminated.

Note: If a certification was submitted prior to a change FI type or transfer to an Expanded Affiliated Group with a different FATCA ID, that certification will continue to display in the certification history table, and will show the FATCA ID that was used at the time of submission in the "Submitted by" column.

After the IRS reviews the registration, it will be placed into another account status. The account status may require the FI to edit and resubmit the registration due to missing information or other reasons.

6.4 Appendix D – XML File Preparation Instructions for Adding Multiple Sponsored Entities using a File Upload

The XML schema file (.XSD) for uploading multiple sponsored entities helps sponsoring entities who are familiar with XML codes to create an XML file containing sponsored entity and sponsored subsidiary branch data that can be uploaded to the FATCA Online Registration system. The targeted users of these instructions should have basic working knowledge of XML and prior experience with creating XML files. For users unfamiliar with XML who still wish to use the electronic file submission option for inputting sponsored entities, additional information is available at [FATCA: Information for Adding Multiple Sponsored Entities Using a File Upload](#).

The .XSD file defines all required and optional XML elements and attributes. It can be used to validate an XML file. The validation criteria are based on the special rules and restrictions associated with the required fields for sponsored entities and sponsored subsidiary branches in the FATCA Online Registration system. Below are the step-by-step instructions on how to create the XML file for uploading.

NOTE: For the purpose of this document, sponsored entity generally refers to any of the three sponsored entity classifications, unless otherwise indicated.

Instructions for Creating the Sponsored Entity XML File

Download and unzip the XML Schema zip file in a compatible XML editor. Two files will appear in the unzipped folder – FATCA-FIRegistration-SponsoredEntityUpload-1.0.xsd (primary schema) and FATCA-FIRegistration-SponsoredEntityUpload-CountryList-1.0.xsd (country/jurisdiction list schema) – these should go in the same file directory after unzipping them. The primary schema file will reference the country/jurisdiction list schema file.

1. Create the XML header and root element as shown below, additional detail is provided in the table:

```
<?xml version="1.0" encoding="UTF-8"?>
<tns:SponsoredEntityList version="1.0" xmlns:tns="urn:us:gov:treasury:irs:fatcafiregselistupload">
```

Table 33 – Sponsored Entity List

Elements	Definition/Description	Notes
SponsoredEntityList	Sponsored Entity List - A group that contains data about sponsored entities and a sponsoring entity that agrees to perform the due diligence, reporting, and other requirements on their behalf.	This element is the root element in an XML file. It contains fixed version attribute 1.0.

2. Include the FATCA ID of the sponsoring entity. The FATCA ID in the XML should be the same as the FATCA ID of the sponsoring entity uploading the file. The table below provides additional information for this element.

Table 34 – Sponsored FATCA ID

Element	Definition/Description	Notes
SponsorFATCAId	Sponsoring Entity's FATCA ID - A unique identifier assigned to Sponsoring Entity in FATCA registration system.	<ul style="list-style-type: none">• 6 characters, alphanumeric• Letters (excluding the letter O), numbers, or a combination of both. The FATCA ID must match the FATCA account under which the XML file is uploaded.

3. Create sponsored entity and, if applicable, sponsored subsidiary branch records by including all required elements, according to the XML schema. The XML file needs to contain:
 - Sponsored entity record(s) (*required*) – each record needs the name, classification, and country/jurisdiction of the sponsored entity.
 - Sponsored subsidiary branch records (*optional*) – sponsored entities classified as sponsored subsidiaries need the country/jurisdiction for each sponsored subsidiary branch

The table below summarizes the required elements and their descriptions, types, and special rules and restrictions.

Table 35 – Sponsored entity and, if applicable, sponsored subsidiary branch records

After validation is completed, the XML editor will inform the user of any errors in the XML and the elements that the error is associated with, based on the XML schema's built-in validation rules. Depending on which XML editor is used for validation, the error messages could be in different formats with varying levels of detail. Follow the error message's instructions to correct the XML elements and revalidate.
5. Once the XML file passes validation, save the file as .XML. The file name should:

- Contain only letters, numbers, and underscores without any spaces
- Contain no more than 246 characters (excluding the “.XML” file extension)

```
